

### Your Agents Write More Premium and Reduce Cycle Time. *Everyone Gets Paid Faster.*

iGO e-App, an intelligent fillable form, enables independent agents to improve efficiency and productivity by eliminating errors and producing 100% in Good Order submissions. The bottom line: your agents eliminate 10-14 days from the process, write more premium, and everyone gets paid faster.

Hosted by iPipeline, iGO e-App is accessible through a single sign-on via your Web site. With e-Sign and e-Submit, agents leverage straight-through processing to accelerate underwriting and policy issuance. BGA case managers review and approve all applications prior to submission to the carrier.

### Product Features

- Easy-to-use navigation and workflow, dynamic alerts and statuses and graphical indicators
- Easily share and transfer cases
- Standard BGA case manager GO/NO-GO approvals
- Multi-carrier quotes - generate quotes for multiple carriers within one integrated user interface & seamlessly flow information from quote to iGO e-App
- View/print forms at any time
- Customizable e-Signature-insured, owner, trusts, third parties & multiple agents
- Electronic submission of metadata and multiple images
- iGO e-App integration with Agency Integrator AMS
- LifePipe™ (Term Quote) users can now auto-populate iGO e-App, eliminating the re-keying of data

### Benefits

- Allows agents to enter quote data once and generate multiple carrier quotes
- Ensures all applications are In Good Order (iGO)
- Reduces cycle time by 10-14 days
- Accelerates underwriting and policy issuance
- Fully integrated into carrier systems – underwriting, administrative and imaging
