

Athene guide to issuing applications using electronic application submission (FireLight)

Whether you're meeting clients face-to-face or connecting with them virtually, one of the best ways to keep your business running smoothly is submitting applications electronically!

Ease of Use

Simple, intuitive platform designed to guide you through the electronic application submission process!

Forms

FireLight contains the required, up-to-date forms for your annuity sale!

eSignature

Every application requires signatures, so use eSignature for a hassle-free experience!

NIGO Resolution

Reduced NIGOs generally result in shorter cycle times!

Submitting a new application using FireLight is a simple, step-by-step process.

New to the electronic submission process or just need a refresher? Review the graphic below!

Access Electronic Application Submission through Agent Portal!
